

Early Childhood Program

We offer an integrated early childhood program for children ages 3-5.

Our integrated classroom is an educational setting where students with disabilities are provided the opportunity to be educated with peers who are non-disabled.

Preschool or prekindergarten programming is available at Golden Brook Elementary School in the Windham School district.

The Windham Early Childhood Program is committed to providing high quality, developmentally appropriate education to children between the ages of 3 & 5. The staff believes that a strong bond between families and school enhances growth and fosters progress in all developmental domains.

Special Education

If you are a parent or preschool teacher and suspect that your child or student may have an educational disability, or have concerns with development, for an explanation of the referral process please call:

Heather Pacheco

Early Childhood Coordinator
